

COOLTOUCH XP-701W

Weather Resistant 7" Widescreen LCD Multimedia Monitor

- 7" Widescreen LCD Video Monitor
- Weather Proof External Chassis
- 2400 x 480 Pixels
- 400 cd/m², 400:1 Contrast Ratio
- Two Composite Video Inputs
- NTSC / PAL autosensing

Introducing the CoolTouch XP-701W, a rugged and weather resistant 1.2 megapixel 7" LCD monitor with 2 Composite Video inputs built into a dust proof, watertight enclosure. The weather resistant enclosure makes this an ideal unit for use in areas where unpredictable weather conditions arise such as Film Location shoots, remote broadcasts or field installation and testing. The hi-resolution LCD offers excellent picture quality even under high ambient light conditions and can be viewed while the enclosure is sealed. The connectors are on the outside of the enclosure so the unit can be operational while sealed. The unit measures 9" x 5.25" x 2.5". Powered by only 12VDC (power supply included), and designed to give reliable performance in the field.
